

One of the greatest journeys you'll ever take . . .
A Woman's Journey of Discipleship . . .

**All of us are on a spiritual journey. Along the way, we ask questions, such as
“Why do I exist?” and “What is the purpose of my life?”**

These profound questions, and many others, will be answered in *A Woman's Journey of Discipleship*.

More than a Bible study, this three-book series is designed to launch women on their journeys with Jesus, capturing their hearts to follow Him, and equipping them to disciple others. Through this process women learn how to walk daily with the Lord and how to pass on to others that same discipling vision Jesus gave His disciples.

In a small group you will also be invited to experience the joy of relating to others. Learning, sharing, and growing together are exciting parts of this journey.

What Others say About . . .

A Woman's Journey of Discipleship . . .

A Journey With Jesus

- ❖ *A Woman's Journey of Discipleship* was just that—a journey with Jesus. I felt like I was one of the 12 disciples, looking over their shoulders wanting to be right up front and close to Jesus, like John soaking in His every word. Journaling during this study drew me into a closer relationship with Jesus. This study has given me the tools to disciple other women, which I am now in the process of doing.

It's Life-Changing

- ❖ *Friends* was life changing! It gave me a course to follow and to keep on track and in touch with my Savior. My communication with God has become more personal, more refreshing, and more honest. I was given tools to keep me balanced as I minister to other women. Journaling has become my constant companion. It is where I note my insights into the Word, my prayers, my heart's disturbances, my joys, and most importantly His leading for my life. I thank the authors for writing in a way that they were able to disciple me when no one was available to do that work.

A Great Tool to Equip, Motivate & Encourage

- ❖ We couldn't say enough about how we loved this study. It is a wonderful tool to equip, motivate, and encourage our women's ministry leaders to be more intentional about ministry and about relationships. It has a good balance of engaging stories and in-depth Bible Study. The relational approach effectively models the kind of ministry we're called to.

Real Life Stories

- ❖ I loved how *The Journey* gave real life experiences and then led me straight to the Word for guidance.

Building a Spiritual Foundation

- ❖ These studies are effective both for helping new believers get a spiritual foundation for their faith and for deepening the walk of believers to help them develop into leaders with a vision to invest themselves in others for God's Kingdom.

Fulfills the Great Commission

- ❖ Through this study I'm reminded that the Great Commission is a serious call from God. I need to have the urgency to consistently extend God's kingdom. I've learned to have more compassion and patience for those I disciple and to know what to do in sticky situations that require more wisdom and grace. This study has really broken down the role of discipleship for me so I can clearly see what I need to do.

Confidence to Minister to Others

- ❖ This study motivated and challenged me to stay in God's Word and get back into memorizing scripture. God used this study to encourage me and give me enough confidence to lead other women through this study.

Thank you for the investment you have made in discipling women and for providing these

excellent resources to equip and empower us to do the same!
